

Petition to Support Local Jobs & Economies

To the Honourable Legislative Assembly of Saskatchewan.

We, the undersigned residents of the Province of Saskatchewan, wish to bring your attention to the following:

That local jobs such as those in health centres and schools are vital to the survival of urban, and especially rural communities.

That rolling back wages and enforcing wage freezes will reduce tax revenues for our government to fund our local health centres and schools.

That a wage rollback and freeze will seriously harm workers' abilities to make ends meet.

That local businesses and services rely on the stability of good jobs to support communities.

That a reversal of the corporate tax cut could ensure our local jobs and community services are protected.

We, in the prayer that reads as follows, respectfully request the Legislative Assembly of Saskatchewan to:

Ensure workers are not asked to roll back their wages or have a wage freeze, and restore the corporate tax cut from the latest 2017/18 budget.
